Board of Selectmen
Machiasport, Maine

Gentlemen:

In accordance with Chapter 90-A, Revised Statutes of 1954, and at your request, we have audited the records of the Town of Machiasport for the period March 1, 1961 to February 28, 1962.

The examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled.

Exhibits and Schedules included in this report impartially present the financial position of the Town and the result of its operations for the period designated.

Comments and other data incorporated in the report may prove of interest to you, all of which is respectfully submitted.

Yours very truly,

SAWYER & SAWYER

Annual Town Report

COMMENTS

Town of Machiasport

March 1, 1961 to February 28, 1962

An audit has been completed of the financial records of the Town of Machiasport for the year ended February 28, 1962.

Scope of Audit

The audit included an examination of the records maintained by the Selectmen, Tax Collector, Town Treasurer and Town Clerk. While all transactions were not examined in detail, such test checks were made as seemed appropriate. All asset and liability accounts were reviewed and direct verification was made to the extent deemed necessary.

Assets

Cash on deposit at the Eastern Trust and Banking Co., Machias, Maine was reconciled with the balance of the Treasurer's cash book. Minor differences are noted on Schedule A-1. The check book balance was reconciled with the statement furnished by the depository bank.

The records of collections made by the Tax Collector was examined and it was ascertained that these Collections had been deposited with the Town Treasurer.

All tax lien accounts were checked and the resulting individual balances supported by inspection of the liens on file. These liens had been properly recorded with the Register of Deeds.

Debt Fund

This account represents the amount owing on the Grader purchase to be retired from revenue of future years.

Reserve for Authorized Expenditures

This represents the balance in the School account required by law to be carried forward to the ensuing year.

Surplus

The unappropriated surplus at the close of the year was \$3,853.91 as compared with \$2,957.46 at the close of books the previous year. This increase is analyzed in Exhibit E.

General

The surety bonds covering the Town Treasurer and Tax Collector were examined and found to be in order.

The savings pass books representing the various trust funds were examined in detail and found to be in order.

All accounting records examined were found to be maintained in an efficient and accurate manner.

REPORT OF SUPERINTENDENT OF SCHOOLS

**To: Members of the Superintending School Committee
and Other Citizens of the Town of Machiasport:**

It is with pleasure that I submit my annual report of your school department.

The highlight of our fiscal year is the construction of the Fort O'Brien School building. This is really a great achievement by the citizens of Machiasport. To all of you, especially those who have served on the School Building Committee both the past and present, I wish to express my appreciation. I am sure all of you realize that the financing of your new school along with increased costs of running your new school is not going to be easy. There will be times when this will be difficult to do. Your Superintending School Committee

have reduced the 1963-64 school budget to its lowest possible figure.

Our statement of financing this year is not the type which I like to be a part of, but it seems necessary at this time. We do have bills we are holding back to the next fiscal year (1963-64) in approximate amount of \$2,358.58. Of this amount the 100 children's desks and chairs is \$1,600.00. This amount was put on an earlier payroll but not paid—thus making a larger unexpended balance for ending the year but also making a greater cost for 1963-64. Other items not paid for included janitor's equipment and materials of about \$500.00 and the building insurance of \$150.40. Along with these bills there are a few small items on books and supplies.

Had we received the \$2,000.00 from P.L. 874 for 1961-62 most of these bills could have been paid and a small expended balance left. This money will be in before too long and is figured now as part of your credits under P.L. 874 for 1963-64.

The school appropriation as voted by the School Committee and the change made by not paying the \$1,600 should be \$29,500.00. This is \$4,500.00 above the last appropriation of \$25,000.

The cost of financing the \$22,000.00 loan on the building program is a matter for the Selectmen to report or the Building Committee.

Our school is progressing very well under the capable principalship of Robert Allen and his teachers. The students are very proud of their new school and are showing their feelings by the fine work they are doing.

In closing, I wish to thank the School Committee members, Selectmen, and other Town officials as well as the teachers, other school personnel, the P.T.A. and citizens for their interest and cooperation during the past year.

Board of Selectmen

Machiasport, Maine

Gentlemen:

In accordance with Chapter 90-A, Revised Statutes of 1954, and at your request, we have audited the records of the Town of Machiasport for the period March 1, 1962 to February 28, 1963.

The examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which were considered necessary. In so far as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled.

Exhibits and Schedules included in this report impartially present the financial position of the Town and the result of its operations for the period designated.

Comments and other data incorporated in the report may prove of interest to you, all of which is respectfully submitted.

Yours very truly,

ANNUAL TOWN REPORT

COMMENTS

An audit has been completed of the financial records of the Town of Machiasport for the year ended February 28, 1963.

Scope of Audit

The audit included an examination of the records maintained by the Selectmen, Tax Collector, Town Treasurer and Town Clerk. While all transactions were not examined in detail, such test checks were made as seemed appropriate. All asset and liability accounts were reviewed and direct verification was made to the extent deemed necessary.

Assets

Cash on deposit at the Eastern Trust & Banking Co., Machias, Maine was reconciled with the balance of the Treasurer's cash book. Minor differences are noted on Sch. A-1. The check book balance was reconciled with the statement furnished by the depository bank.

The records of collections made by the Tax Collector was examined and it was ascertained that these collections had been deposited with the Town Treasurer.

All tax lien accounts were checked and the resulting individual balances supported by inspection of the liens on file. These liens had been properly recorded with the Register of Deeds.

Debt Fund

This account represents the amount owing on the Grader purchase to be retired from revenue of future years.

Surplus

The unappropriated surplus at the close of the year was \$1,256.72 as compared with \$3,853.91 at the close of books the previous year. This decrease is analyzed in Exhibit E.

General

The surety bonds covering the Town Treasurer and Tax Collector were examined and found to be in order.

The savings pass books representing the various Trust Funds were examined in detail and found to be in order.

All accounting records examined were found to be maintained in an efficient and accurate manner.

REPORT OF SUPERINTENDENT OF SCHOOLS

To: Members of the Superintending School Committee and other Citizens of the Town of Machiasport:

It is with pleasure that I submit my annual report of your school department.

The Fort O'Brien School building is now better than one year old and has proven to be an excellent building for our school children. The heating, which some worried about, has proven very efficient and inexpensive. We hope the citizens enjoy the thoughts of their children attending such a fine school and that they also appreciate the efforts of past and present School Board Members and Building Committee Members who did so much to secure the school building in the first place. I would like to personally thank Charles Kilton, Hammond Flynn, Warren Pettegrow, David Hinerman, Bruce Sprague and Lee Armstrong for all the extra work they performed in making this building possible.

While the costs of such a building, constructed partially with Federal Aid, must be borne by many taxpayers, it is something of which you must be proud. Proud you should be too of the education your children receive in such a school. Are we all proud enough and conscious enough of the educational needs of our children in today's world to spend a little extra to give them this education they need? Or are we satisfied with a less efficient system in order to save money for other things? Is this what they thought in some of the captive countries of Asia and Europe when they fell victims of promises by the Reds of an easy and plentiful life?

It is well to think of these things before deciding on the easiest way. We do need an additional teacher and classroom so we may give your children a good education. However, they are your children and it is, in part at least, your money and you must be the judge.

We realize that the increase in your school appropriation is high, but we do have more children, we are increasing our transportation costs, teachers' salaries because of the State Minimum Salary Law, as well as the other necessary costs.

The area in front of the school needs attention and should be surfaced this year. The mud and especially the dust it makes inside the school when dried is unhealthy for the children to breathe all day. Except for this condition, we have an excellent school and faculty. We do need to look to the future to decide what to do about the pre primary and also the large classes which are now entering school. We also must consider what the loss of the pre-primary will do to our State Subsidy in the next biennium. The tendency to a reduction as classes are dropped is a common one.

In closing, I wish to thank the School Committee members, Selectmen, and other town officials as well as the teachers, other school personnel, the P.T.A. and citizens for their interest and cooperation during the past year.

HOLLIS INGALLS, Superintendent
